

Glowing with catchy pop hooks, Rachel Beck's distinctive piano melodies and emotive vocals are captivating audiences across Canada. The PEI songbird's first single, Reckless Heart, hit #1 on the CBC Music Top 20 in March 2018 after earning the most online votes for six weeks straight. Beck's multi award-winning debut, produced by Daniel Ledwell lures the listener into an ethereal and enveloping soundscape, as the songs take one on a trek across a wide emotional range – from regret and grief to wonder and joy.
